DRAGONSLAYER

STORY

Long ago, the land was ruled by DRAGONS. Masters of the ELEMENTAL LORES, their dominion remained unchallenged for thousands of years.

When the humans grew too numerous to be ignored, the BLACK DRAGON sought to enslave the young race, but others sought peace. Another dragon taught the humans the ways of magic, and the Black Dragon was eventually defeated.

This champion became known as the DRAGONSLAYER.

Peace came to the realm, but the champion's name, was lost to time. The elemental lores were passed down to the elder Dragon Priests, and some humans even came to worship the few Dragons that remain.

However, after a thousand years, the peace has been broken - the King has been slain by a Dragon, and the Queen has declared that the remaining dragons must be destroyed.

The time of the DRAGONSLAYER has returned.

DRAGONSLAYER

ITEMS

You will discover many items to make your journey easier. You can view your items by selecting ITEMS from the pause menu.

Some items, like POTIONS, can be used in battle and from the pause menu. TONICS, PERFUMES, and BAIT can only be used from the pause menu.

You can view the rare materials you've collected by selecting LOOT from the pause menu.

DRAGONSLAYER

EQUIPMENT

The Dragonslayer fights with a WEAPON and SHIELD, and can equip up to two UNIQUE ITEMS. You can manage your equipment by selecting EQUIP from the pause menu.

New WEAPONS and SHIELDS can be forged by the Blacksmith, but UNIQUE ITEMS must be found during your adventure.

WEAPONS and SHIELDS can be **improved** to increase their stats, and improved weapons can be **enhanced** with special effects if you find rare materials.

SAVING YOUR GAME

DRAGONSLAYER features a "Quick Save" system.

When you select **SAVE** from the pause menu outside of battle, your progress will be saved and the game will close. You may return to your current session by selecting **CONTINUE** from the main menu.

GAME SAVES are **DELETED** when resumed; you cannot return to a prior save once you have continued, and beginning a new game will also remove any saved session.

DRAGONSLAYER

GAMEPLAY HINTS

- Be aware of your enemies levels; if you are missing many attacks or dealing no damage, you may have ventured too far too early.
- Pay attention to your surroundings; there are many secretes hidden throughout the realm. Discovering powerful items will be the key to success.
- While there may not be many humans left in the realm, the few that remain may have much to say.
- Do not be afraid to change your approach; adjusting your weapons or items for different encounters will make a difference.
